MINNEAPOLIS RACES. Bald Won the Mile Open in 2:08 2-5

Against a Strong Wind-New State Class A Record Made.

Special to the Indianapolis Journal. MINNEAPOLIS, Minn., Aug. 13.-Minneapolis has had trouble with Class B men for so many years that but few of them attended the meeting of the present season. Barely a dozen were present to-day at the first annual meet of the Minneapolis Limited Cycling Club, held on the mile track at Minnehaha Driving Park. The attendance was the greatest "frost" of the season, barely four hundred people being in the stands. A strong wind blew across the turns, but did not prevent the lowering of the State records one in Class B and the other in Class A. In the mile open, which was paced by the tandem team, Von Herika and Lund, the irrepressible Bald won, in 2:08 2-5, a record for the State, and surpassing time for the windy day. Only five men started. Bald gained the position, although Cooper and Bird rushed past the tandem and fell back in a vain attempt to dislodge the "bison." At the three-quarters the tandem dropped, and Bald held the position back of Cooper, rushing out to victory a hundred yards from home. Bird was third,

Cooper and Bliss rode one and two ahead of Cabanne in the mile handicap, and in the finest finish of the day Cooper jumped at the quarter and down the stretch was hard pressed by Cabanne, who gave way, how-ever, to little Bliss about twenty yards from home. Bird took the three-mile handi-cap, clearly outriding MacDonald in the last fifty yards, as well as a half-dozen others of the regular circuit men. In the mile handicap, Class A, Charles Hoffer rode from scratch and won, in 2:13 4-5, a new class record for the State. Lee Richardson lowered his third-of-a-mile record, wheel and man backwards, doing it in 1:10 1-5. The

LOST BY LORD HAWKSTONE.

NEW YORK, Aug. 13.-There was plenty of mild excitement at Aqueduct to-day, both in the finishes and after. In the first race Lord Hawkstone was the favorite. and several others were equal second choices. There was little to choose between them until the last furlong, when Austin and Lord Hawkstone broke away from the others and had it all to themselves. Austin should have won, but Oyerton outrode O'Leary and made a dead heat of it, which was run off after the sixth race, Austin winning, Volley and Crimea were equal choices in the second event, and they were practically the only contenders. Sheedy kept Volley out of it until it was too late, and then came with a rush, but could get only second place to Crimes. The horse was then bid up \$305 above his entered price and an investigation followed. As far as could be discovered "Father Bill" Daly was responsible for the bidding. Charade was the choice in the third race, but the best he could do was to finish second to Lagan, who won easily at the end. Now or Never was an odds-on choice in the fourth, but could do no better than second. Lulu T. and Captain Jack made all the running, and the former won easily. Cherrystone was the choice in the fifth race, but he pulled up bleeding and was far out of the race. Golden Gate led to the stretch, when Inquirendo and Nicolini passed him, and Inquirendo won easily from Nicolini at good odds. Summaries:

Return of M. F. Dwyer. NEW YORK, Aug. 13.-Michael F. Dwyer was among the passengers who arrived on the North German Lloyd steamship Fulda this morning. Beyond stating that his re- Garments expressed. turn did not signify a complete withdrawal from English racing, the turfman did not care to discuss his plans at length. It is believed he will leave for Europe again early in the fall. Mr. Dwyer said that he enjoyed his trip abroad exceedingly. He was asked when Mr. Croker would return. He replied that Mr. Croker would leave the other side in about a month. He had, he said, secured passage on one of the American line steamships, and would arrive here about the middle of September. Mr. Dwyer said that he and Mr. Croker had been treated with great consideration by every one while in England, and, taking into ac-

count the condition of their horses, he thought they had done very well. While the stable had not been quite as successful as they had hoped, he would not hesitate to send entries to the English races again. The English system of racing does not differ greatly from ours, he said, and he thought it had many admirable features. He said that the English horse owners and turfmen generally are anxious to have American competitors on the English tracks.

Street Not Reinstated. SARATOGA, N. Y., Aug. 13.-Dr. S. W. Street, who was ruled off for the alleged pulling of his filly Summertime at St Asaph track, last April, but who was said to be in New York when the offense took place, has failed to be reinstated. A petition signed by President Edward Kearney, of the Saratoga Racing Association, G. Walbaum and many other turfmen, asking for Street's reinstatement or the privi-lege to sell his horses, has been unfavor-ably considered by the Jockey Club. August Belmont to-day stated that the Jockey club must strictly adhere to its rules.

Belmont Buys Two Swift Ones. NEW YORK, Aug. 13.-August Belmont has purchased Henry of Navarre from Byron McClelland and Dorien from J. W. Rogers, Mr. Belmont paid \$25,000 for Henry of Navarre and \$7,500 for Dorien. He does not intend, he says, to race them in England. He proposes to confine his racing operations to America, hoping to elevate the standard of the turf here. Late this afternoon he gave a private exhibition of his stable at the Saratoga track.

Britannia and Niagara Won. SOUTHAMPTON, Aug. 13.-In the yacht races here to-day Britannia and Niagara were the winners of the prizes for their

An Editor Says the Yield of the Cornfield of Kansas Will Be Enormous.

CHICAGO, Aug. 13 .- "The bigness of our corn crop beggars the arithmetic," said Frank P. MacLennan, editor of Topeka State Journal, in an interview here, to-day. "Instead of saying the State of Kansas now, you should use the synonym, 'Cornfield,' for 'State.' You will understand in a measure the corn figures of Kansas when I say to you that the crops will be more than a quarter of a million bushels. It will exceed three hundred millions. It will give five bushels, or four hundred pounds, to every man, woman and child in the United States, and leave enough to send Penny, 6 to 1, third. Time—1:51%.

Sixth—Mile and one-half. W. B., 7 to 5, second; Harry Alonzo, one more good rain will insure the corn.' several shiploads to Russia. In Kansas it Since we began to use that stereotyped exression, about the Fourth of July, we have had one good rain after another—the last one a few days ago—all coming as if pro-vided by a terrestrial rain-maker, who had discovered the real way to find pure gold, the yellow grains of the cob-growing maize. "The corn crop of 1895 has been saved from more than its nine chances to curl up and breathe the hot winds of death. It is everlastingly saved. The parched-mouthed, evil demon, who, in years past, has blasted the hopes and corn of Kansas, has not this season crossed the southern border of the
